With our headquarters next to Stuttgart Airport, we have a perfect infrastructure to supply our customers as fast as possible.

Metzger
Autoteile

since more than 40 years

We are a family-owned company, that places great significance on partnership and team spirit within the company, as well as in cooperation with our customers and suppliers.

Customer orientation, motivation and continuity are not only catchwords, but are also part of our corporate philosophy, which is supported by more than 160 qualified and motivated employees.

A constant communication within the team, as well as with our suppliers and a precise market investigation guarantee a stable, high quality and attractive range of products.

Having developed our export department a few years ago, we are now selling worldwide.

We take pride in the training and qualification of highly motivated and qualified Metzger staff. As a consequence, we consistently hire and self-train the next generation.

With our new company building, we have set the course for a healthy future

You can recognize us by the black and red packaging

facts

1980	founded by Werner M. Metzger
1993	Marion Metzger joined the company
1995	Isabel Brockmann-Metzger joined the company
1999	started as TecDoc data supplier
2003	installed own online purchasing system www.dispo-metzger.de
2004	connection to TecCom
2008	participation to Partslife
2008	the continuous growth shows results: relocation to our new premises in Stuttgart-Möhringen
2011	expanding of export business
2013	assortment increased to > 20.000 items
2016	market leader with the electronic range in Germany
2017	assortment increased to > 28.000 items
2017	new building nearby the airport Stuttgart with fully automatic warehouse
2018	relocation to the new facilities
2021	assortment increased to > 32.000 items
2022	PREMIER TecDoc Data Supplier
2022	welcoming the 3rd family generation to Metzger

fully automated warehouse

Your online orders are immediately sent to our fully automated warehouse, drastically cutting processing time.

4000 m² storage area
2000 shipments / day
35.000 articles
160 employees
fast shipping solutions available
export to 55+ countries

THE MOST MODERN TECHNOLOGY FOR OUR CUSTOMERS

Stacking the containers on top of each other creates cells that are extremely close together. This allows up to five times better use of space than any other automatic storage system. In view of growing environmental protection requirements and energy costs, the system impresses with its extreme low power consumption.

Efficiency and energy savings are evident with every movement of goods. No energy is wasted. Each robot not only charges itself at the right time, but also returns charge to its battery every time it lowers a container or reduces speed.

Through this system, we have greatly reduced lead times from order receipt (online, by telephone) to dispatch.

*„Online orders are
immediately passed to the
system and thus immediately
to the customer “*

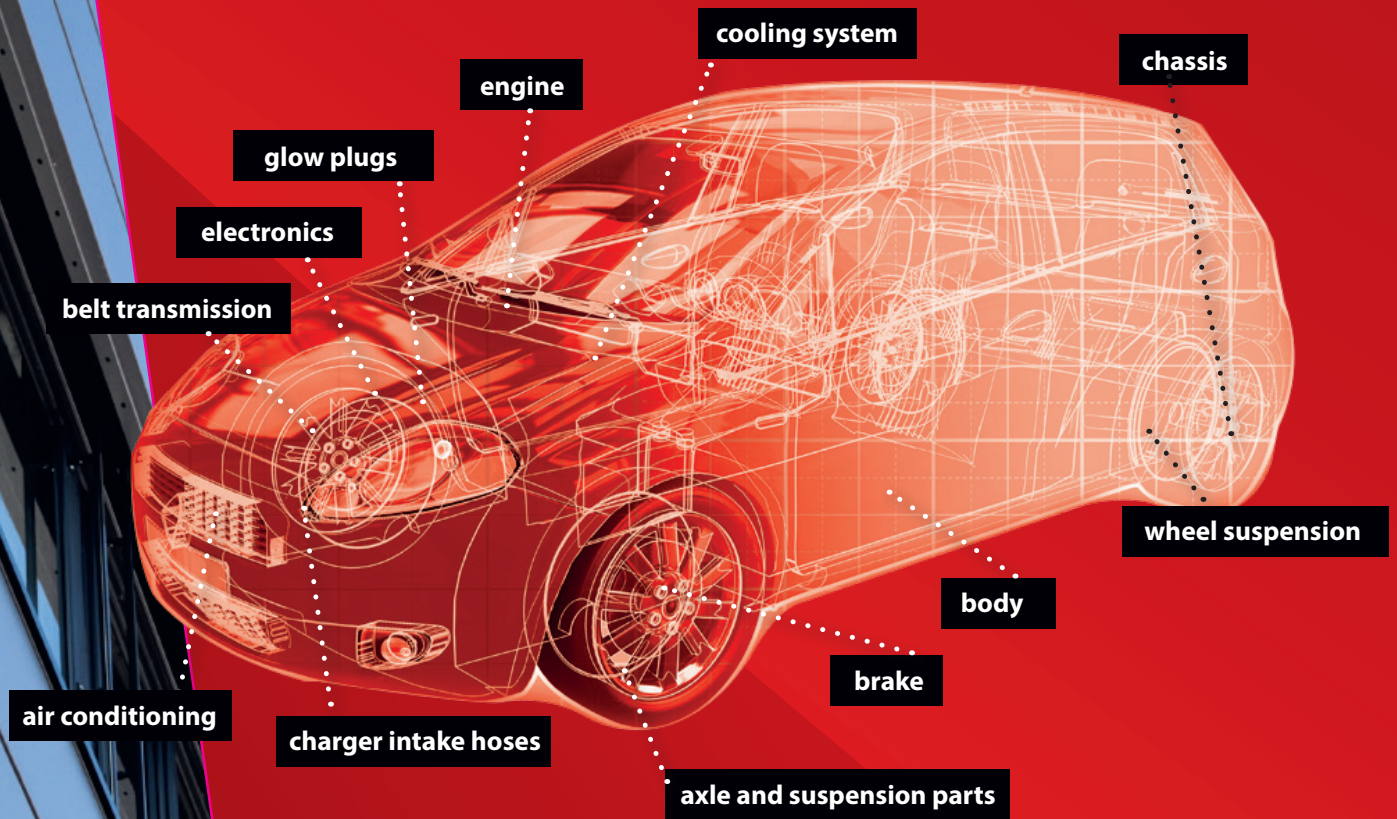

In our high-rack warehouse we keep the goods with which we fill up the fully automatic warehouse

Goods which doesn't fit into the fully automatic warehouse due to their size, are stored ready to hand in our shelf rack area

our assortment with around 35.000 articles

is covering the following assembly groups

PDF Flyers

Our advertising flyers are available on our website

Products from a-h:

Accelerator Cables
Accessory Kit, brake shoes
Accessory Kit, disc brake pads
Accessory Kit, parking brake shoes
Adapter Cables
Additional Water Pumps
Air Mass Sensors
Alternator Regulators
Ball Joints
Ballast, gas discharge lamps
Bellow Sets, drive shaft
Belt Pulleys, crankshaft
Bonnet Cables
Bonnet Locks
Boost Pressure Control Valves
Brake Calipers
Brake Discs
Brake Hoses
Brake Light Switches
Brake Mounting Plates
Brake Pad Sets, disc brake
Brake Shoe Sets
Brake Shoe Sets, parking brake
Breather Valves, fuel tank
Cable Repair Sets
Cables, door release
Cables, manual transmission
Cables, parking brake
Camshaft Adjusters
Caps, coolant tank
Caps, oil filter housing
Central Magnets, camshaft adjustment
Clocksprings, airbag
Clutch Cables
Control Arm-/Trailing Arm Bushes
Control Elements, parking brake caliper
Control Units, fuel pump
Control Units, electric fan
Control Units, glow plug system
Control Units, heating/ventilation
Control Valves, camshaft adjustment
Control Valves, coolant
Controls, central locking system
Controls Stalks, indicators
Controls, blending flap
Controls, headlight range adjustment

Controls, swirl covers
Coolant Flanges
Coolant Tubes
Coolers, exhaust gas recirculation
Cylinder Head Covers
Distributor Caps
Door Catches
Door Handles
Door Locks
Dosing Modules, urea injection
Drive Arms, wiper linkage
Drive Shafts
Dust Cover Kits, shock absorber
EGR Modules
EGR Valves
Electric Motors, tailgate
Engine Mountings
Expansion Tanks, coolant
Expansion Tanks, power steering hydraulic oil
Fuel Feed Units
Fuel Lines
Fuel Pumps
Funnels, oil dipstick
Gas Springs
Guide Sleeve Kits, brake caliper
Hazard Light Switches
High Pressure Pumps
High-/Low Pressure Lines, air conditioning
Hoses, air supply
Hoses, crankcase breather
Hoses, cylinder head cover breather
Hoses, fuel overflow
Housings, oil filter
Hydraulic Filter Sets, automatic transmission
Hydraulic Filters, all-wheel-drive coupling
Hydraulic Filters, automatic transmission

Products from h-z:

Hydraulic Filters, steering system
Hydraulic Hoses, steering system
Idle Control Valves, air supply
Ignition Coils
Injection Units, soot/particulate filter regeneration
Injectors
Inner Tie Rods
Intake Hoses, air filter
Intake Manifold Modules
Interior Blowers
Jack Support Plates
Joint Kits, drive shaft
Knock Sensors
Lambda Sensors
Low Pressure Lines, air conditioning
Master Cylinders, brake
Master Cylinders, clutch
Membranes, crankcase breather
Mountings, axle beam
NOx Sensors, NOx Catalyst
Oil Dipsticks
Oil Pressure Switches
Oil Pumps
Oil Sumps
Oil Traps, crankcase breather
Pressure Converters
Pressure Switches, air conditioning
Radiator Hoses
Regulators, passenger compartment fan
Relays, glow plug system
Repair Kits, suspension strut
Repair Sets, crankcase breather
Resistors, interior blower
Rod/Struts, stabiliser
Rod/Struts, wheel suspension
Roller Guides, sliding door
Sealing Plugs, oil sump
Secondary Air Pumps
Sender Units, fuel tank
Sender Units, interior temperature
Sensor Rings, ABS
Sensors, boost pressure
Sensors, crankshaft pulse
Sensors, fuel pressure
Sensors, intake manifold pressure
Sensors, accelerator pedal position
Sensors, camshaft position
Sensors, coolant temperature
Sensors, crankshaft pulse
Sensors, engine oil level
Sensors, exhaust gas temperature

Sensors, exhaust pressure
Sensors, headlight range adjustment
Sensors, intake air temperature
Sensors, parking distance control
Sensors, throttle position
Sensors, wheel speed
Sensors, Xenon light (headlight range adjustment)
Splash Panels, brake disc
Stabiliser Mountings
Steering Column Switches
Steering Knuckles, wheel suspension
Switch Units, ignition system
Switches, clutch control
Switches, headlight
Switches, mirror adjustment
Switches, reverse light
Switches, window regulator
Tacho Shafts
Tailgate Locks
Temperature Switches, radiator fan
Thermostat Housings
Thermostats, coolant
Throttle bodies
Tie Rods
Tie Rod Ends
Timing Chain Kits
Top Strut Mountings
Track Control Arms
Vacuum Pumps, braking system
Valves, engine block breather
Warning Contacts, brake pad wear
Washer Fluid Jets, headlight cleaning
Washer Fluid Jets, windscreen
Washer Fluid Tanks, window cleaning
Water Pumps
Water Pumps, headlight cleaning
Water Pumps, parking heater
Water Pumps, window cleaning
Wheel Bearing Kits
Wheel Brake Cylinders
Wheel Hubs
Window Regulators
Wiper Arms, window cleaning
Wiper Linkages
Wiper Motors
Wiper Switches

air flow meters

electronics

axle and suspension parts

wiper linkages
expansion tanks

timing belt kits
v-ribbed belts

quality management suppliers

Through careful product and supplier inspections, we assure and guarantee the highest quality standards in our industry. Our product managers ensure this every day.

- » **our pre-suppliers are OE-suppliers or manufacturers for international brands**
- » **all suppliers are ISO certified (ISO9001 / TS16949)**
- » **individual testing of OE or aftermarket parts**
- » **database-supported quality analyses**
- » **quality standards of suppliers**
- » **own quality control department**

quality control product inspections

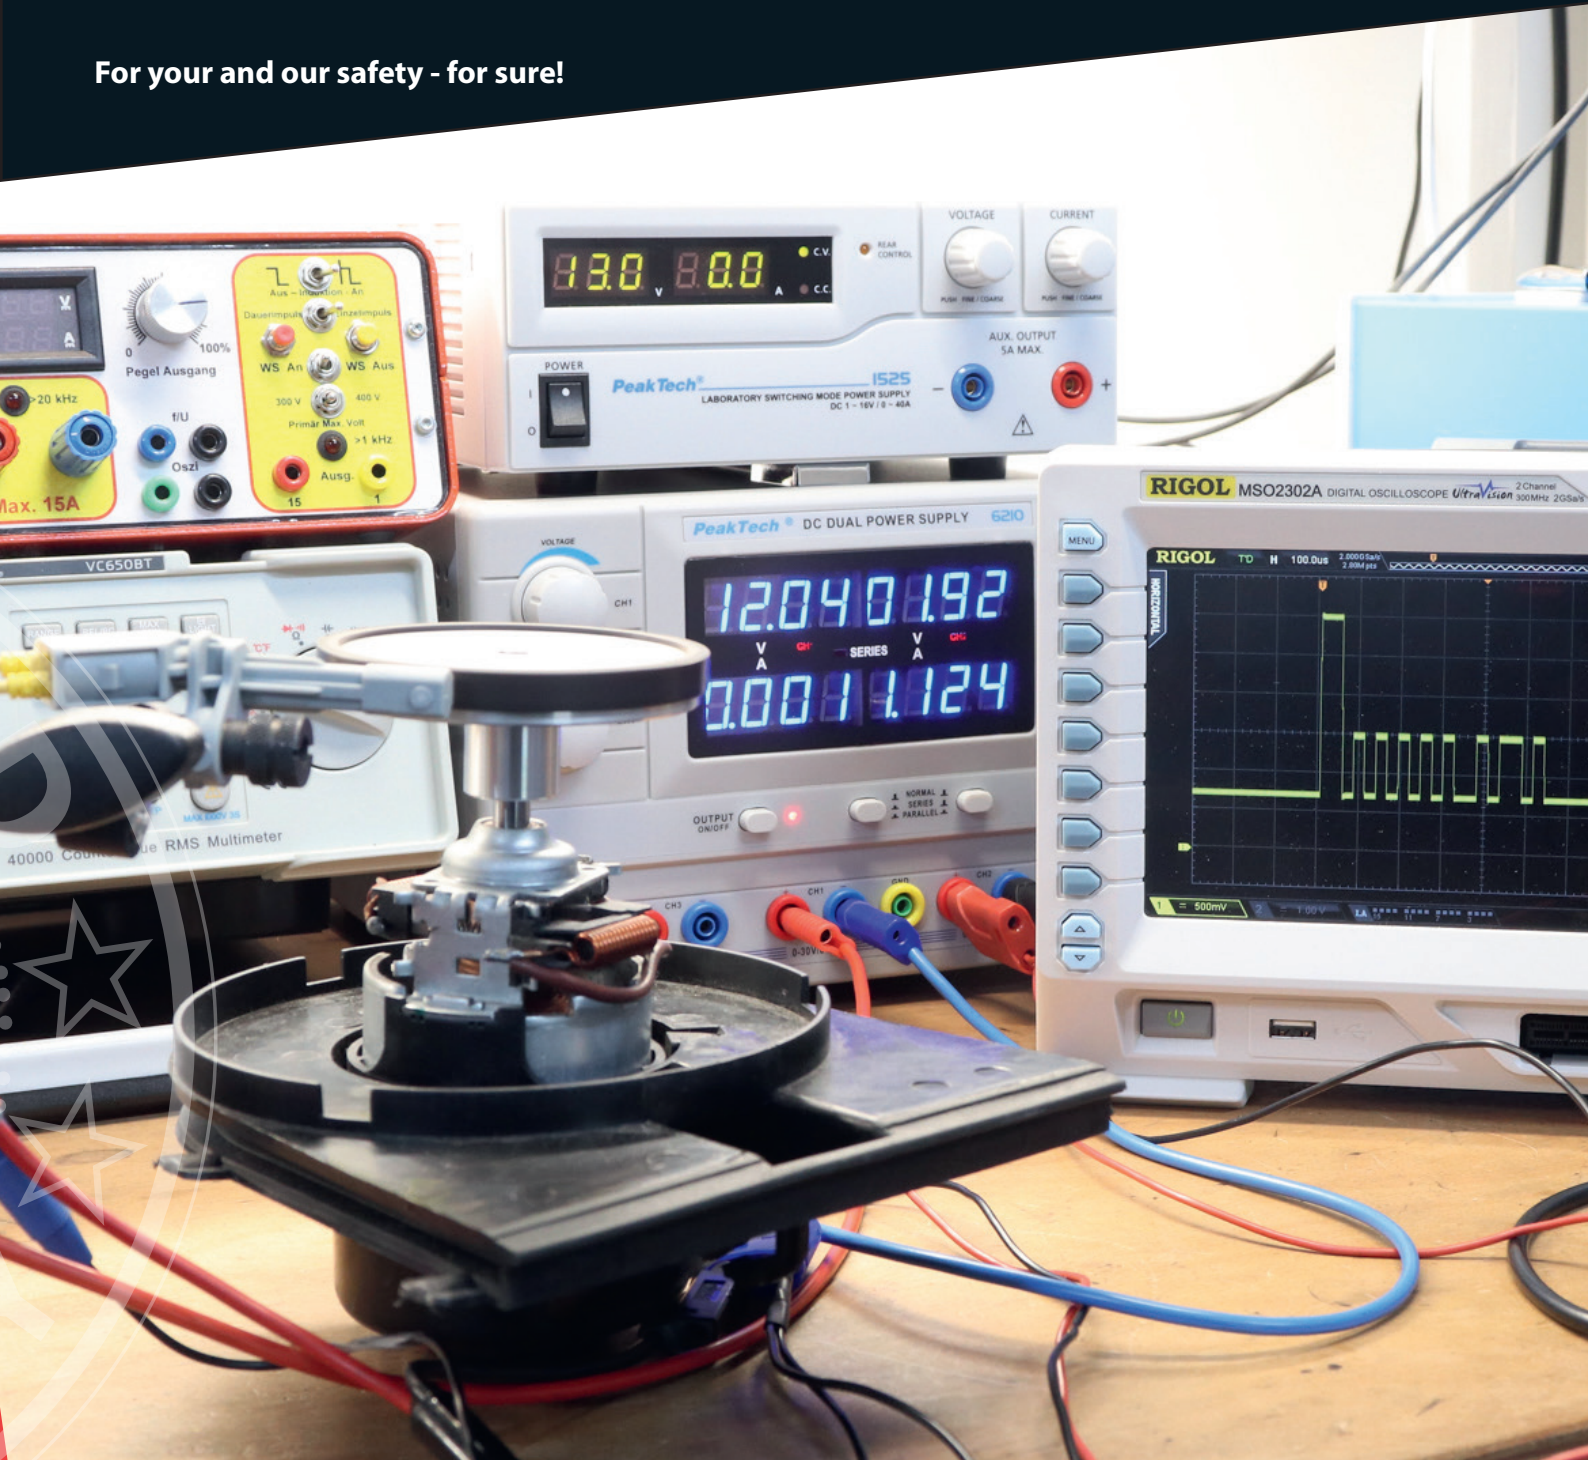

metzger 
Autoteile

All references are subject to strict quality requirements and are therefore checked in detail on our premises by our quality assurance team. Only after passing these tests are the products added to our assortment.

For additional quality assurance

We carry out part inspections on a random basis in our own testing laboratory. The parts only leave our warehouse after passing the test with 100%. This is what Metzger stands for.

For your and our safety - for sure!

Safe shopping: www.dispo-metzger.de

our own online ordering system **24h / 7 days**

- » easy login with your account number and password
- » article search with Metzger and OE references
- » availability and price display
- » information retrieval of orders, backorders and invoices
- » the shopping basket always in view

environmental awareness sustainability

LED technology photovoltaics

We feel responsible for the environment and have therefore installed a photovoltaic system on the roof of new warehouse.

By the use of LED-light technology in our building, we only need 35 % of the system's power production for ourselves.

So we are completely self-sufficient.
