Fully automatic warehouse

Since January 2018, we have installed a self-sufficient, fully automated warehouse at our new location next to Stuttgart Airport, which enables us to significantly reduce the processing time of an order, whether online or by telephone. You can find a film about this on our website www.werner-metzger.com

Our assortment with approx. 30000 articles

includes the following product groups

electronic

No.1
market leader
in Germany!
